

Manor Royal BID Security Services

Working in partnership for a better Manor Royal

Be part of it!

About the Manor Royal BID

The Manor Royal BID exists solely to improve and promote the Manor Royal Business District as an excellent location to work and trade. It does this by providing a range of services, projects and initiatives exclusively and only for Manor Royal based businesses and their people.

The Manor Royal BID started in 2013, following a vote by Manor Royal businesses to create it. It is funded by a mix of contributions from businesses and other funds the BID attracts. It is managed by representatives from Manor Royal businesses who form the BID Board.

Safety in numbers

The Manor Royal BID provides a range of services to help protect Manor Royal businesses and reduce crime. None of these services are a replacement for measures individual businesses ought to take to protect themselves and their staff.

Businesses ought to see those services provided by the Manor Royal BID as an enhancement to their own security arrangements, in addition to those provided by the police, to make Manor Royal as safe as possible and a "harder target" for criminal and anti-social behaviour.

Success in reducing crime depends on everyone playing their part.

The following organisations work together for a safer Manor Royal

Services and benefits

Businesses in Manor Royal can access the following services to help protect their property and people, made possible and freely available by the Manor Royal BID.

Membership of Manor Royal Business Watch (DISC)

This includes access to the accredited password protected DISC security system providing instant messaging, alerts, and access to secure information about criminal activity. DISC also provides access to offenders "mug shot" gallery, easy to use online reporting and weekly updates and news.

Manor Royal Business Rangers (provided via the Blue Light Group)

Funded by the BID, the Business Rangers are a dedicated presence providing regular security patrols, reassurance, assistance and advice. The Rangers act as the "eyes and ears" of Manor Royal to identify, prevent and resolve issues. They regularly liaise with the police and the dedicated Manor Royal Maintenance Team, escalating issues to the proper authority when they have to.

In addition, the Manor Royal BID also provides...

- Area-wide CCTV and ANPR security cameras
- Free security radios for vulnerable retailers
- Support from a dedicated Business Crime Manager
- Free business watch window stickers and police officer vinyls
- Affiliation with Crawley & Gatwick Business Watch
- Free site premises security patrol signs
- Free site security review (via the Blue Light Group)
- Access through the BID to the local policing and Council teams
